## Yancey Bros. Co. Announces New 40,000 sq. ft. Facility in Macon, GA

**Macon, GA (August 22, 2006)** - James Stephenson, President and Owner of Yancey Bros. Co. announced today that the "Nations Oldest Caterpillar® Dealer" will locate their new product support branch in Macon, GA. Yancey Bros. Co. will construct a 40,000 sq. ft. facility on 25 acres in the I-75 Business Park. The site has also been designed to accommodate Yancey's future planned growth.

Stephenson joined local leaders at the 380 acres I-75 Business Park in south Bibb County for the announcement and groundbreaking. This expansion will increase Yancey Bros. Co.'s employment in Macon-Bibb County to 66.

Frank Amerson, Chairman of the Macon Bibb County Industrial Authority stated, "Almost 50 years ago, Yancey Bros. chose to locate its first branch facility outside of Atlanta in Macon/Bibb County. The Industrial Authority is delighted that the Company has chosen to expand and grow the Macon Facility at the I-75 Business Park."

"Yancey Bros. Co. has more service facilities, field trucks, and Service Technicians across Georgia than any other equipment dealership, and we stock our warehouse shelves with more parts than anyone else. We are here for our customers when and where they need us, because unscheduled and lengthy downtime can severely increase their operating expenses," states Stephenson.

Vice President of Product Support Vic Morris states, "Yancey Bros. Co. is committed to seeing our customers grow and succeed, and we're making huge investments to insure their future successes. I've been in this business for over 20 years, but I've never seen an equipment dealer make these levels of investments and commitments to customer support in such a short period of time."

"Yancey Bros. Co. is an example of the world class corporate citizens who will locate in the I-75 Business Park," according to Charles Bishop, Chairman Bibb County Commission. "The Macon Water Authority, in partnership with the Industrial Authority, acquired and developed this site and now we are seeing the benefits," continues Bishop. "I think you will see more announcements like this as other companies join Yancey Bros. Co. and Sara Lee in this park."

"As a member of the Macon-Bibb County Industrial Authority and the Macon Economic Development Commission, we at the City are pleased to congratulate Yancey Bros. Co. on their new facility," Mayor C. Jack Ellis proclaims. "Yancey Bros. Co. has been a proud member of Macon and Bibb County since 1957, and we appreciate the endorsement they have made for this community with this expansion," continues Ellis.

Steve Kruger, Chairman of the Macon Economic Development Commission praised the teamwork that helped make this day happen. "This location is, as was the Sara Lee location, the result of strong leadership and teamwork among the Macon Water Authority, the Macon Bibb Industrial Authority, GA DOT, the Gov.'s office and the One GA Authority," explains Kruger.

Yancey Bros. Co. has been serving customers across the State of Georgia since 1914 with the highest levels of sales, parts, and service available in the industry. Still family-owned and operated, Yancey Bros. Co. now provides service through five specialized divisions with facilities in eighteen Georgia communities: Albany, Augusta, Austell, Bloomingdale, Brunswick, Calhoun, Columbus, Conley, Cumming, Dacula, Dublin, Griffin, Jefferson, Kennesaw, Macon, Resaca, Savannah and Valdosta.

The Macon Economic Development Commission is the private public partnership responsible for Marketing and Recruiting new business and industry to Macon-Bibb County. MEDC is also charged with Retention of existing business and industry.
